No. 17] NEW DELHI, WEDNESDAY, JANUARY 20, 1954

MINISTRY OF COMMERCE AND INDUSTRY

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 20th January 1954

SUBJECT:—*Extension of basic period to include the financial year 1952-53 for purposes of calculation of quota for certain categories of items.*

No. 4-ITC (P. N.) 54.—The question of basic period for purposes of quota licensing has been further considered. It will be recalled that it was decided not to extend the basic period to include the financial year 1952-53 in the interest of simplicity. Since this factor does not so much affect the issue of licenses for items which have been removed from the Open General Licence as from 1-10-53 or which have been given a separate sub-serial number in the Policy Statement for the current half year, it has been decided to include the financial year 1952-53 in the basic period for the purposes of calculating quotas in respect of items mentioned in the schedules appended to this Public Notice. Applicants for grant of licences for items mentioned in the schedules will now be able to apply, if they so choose, for basic imports being determined on the basis of their imports in 1952-53. The basic period for all other items remains unaltered.

List of Items for which basic period for establishment of quota has been extended to include the year 1952-53.
